

Children, Young People & Families Directorate

Project for Schools Peterborough CAMHS

Project for schools is an innovative Tier 2 service aiming to provide support and plan interventions with staff and relevant professionals working in educational settings, with children who are experiencing emotional difficulties and distress.

We are mental health nurses working across Peterborough in Primary Schools, hoping to recognise the context and impact of emotional, developmental, environmental and social factors of these children experiencing mental health problems.

What do we do?

- Support and advise.
- Refer or signpost to appropriate services.
- Provide information.
- Support and ensure inter-agency working through collaboration and consultation.
- Support and plan discharge/transition.
- Training sessions
- Consultations.

Exclusion criteria

- Child under 5 or over 11.
- Where a more appropriate service has been commissioned or needed.
- Child in Court proceedings or any court orders unless contracted.
- Not resident in Peterborough

Does a child at school show signs of any of these?

If so, get in touch with us.
